Your Water Bill?

Did you know that a large portion of your water bill payments are going--not to run the water and sewer system but--to **pay for other City expenses** like office supplies and overtime pay?

The NYC Water Board wants to **raise water rates by 14.5%** to help support this 'backdoor tax' hurting working families.

Come to a town hall meeting to tell City officials how you feel and learn what you can do to **halt the hike!**

PUBLIC TOWN HALL MEETING

Wednesday, May 14, 7:30 p.m.

at

P.S. 186- CASTLEWOOD SCHOOL
(252-12 72 Avenue BELLEROSE)
